

Biofuel Broker - German speaking

Cleanworld is a leading broker in the fast-growing markets for environmental commodities. We are an international team of experienced brokers that serves energy companies and trading houses in more than 20 countries. The company cooperates closely with its largest shareholder, Arctic Securities, one of Norway's leading investment banks.

As our business is growing, we are looking for new, talented, and motivated people to help to expand our activities. For our team in Oslo, we are looking for an ambitious broker. Proficiency in German is a key requirement.

The position:

- Broker OTC transactions for various environmental commodities such as biomethane, (bio-)fuels, carbon credits and related commodities with new and existing clients.
- Build client relationships and provide them access to the environmental commodities markets.
- Business development: Identify new opportunities and generate business from new markets.
- Support the team and contribute on structured, long-term transactions.
- Achieve annual individual and team targets.
- Conduct market research and present it through presentations and reports.
- The position will be based in Oslo.

Your profile:

- Master's degree in Business, Finance, Engineering or similar.
- 2-8 years experience in brokering, trading, business development, sales, or other relevant experience.
- Excellent written and verbal communication skills in German and English.
- Structured and highly motivated to succeed in a competitive environment.
- Knowledge of or affinity with commodity trading and or financial markets.

You will work on challenging tasks in a hectic and demanding environment with excellent career progression opportunities.

If you match the profile and you are looking for an exciting opportunity in the renewable energy markets, please get in touch via e-mail with your CV and a cover letter. We will evaluate applications on an ongoing basis.
