

Renewable Energy Broker – Italian Market

Cleanworld is a leading broker in the fast-growing markets for environmental commodities. We are an international team of experienced brokers that serves energy companies and trading houses in more than 35 countries. The company shares its offices and cooperates closely with its largest shareholder, Arctic Securities, one of Norway's leading investment banks.

As our business is growing, we are looking for motivated people to help to expand our activities. You work in an international team on exciting transactions. To succeed as a broker, you need ambition, passion for your job and need to be highly motivated to succeed.

The position:

- Broker deals for electricity certificates, biomethane and related commodities with new and existing clients in the OTC markets.
- Business development: Identifying new leads and proactively reach out to them.
- Support the rest of the team through initiative and strong performance.

Your profile:

- Strong commercial drive and proactive attitude.
- Master's degree in Business, Finance, Engineering or similar.
- 1-3 years' experience in brokering, trading, business development, sales, or other relevant experience. Experience in renewable energy is positive.
- Excellent written and verbal communication skills in English and Italian.
- Highly motivated to succeed in a competitive environment.
- Strong knowledge or affinity with commodities and financial markets.

You will work on challenging tasks in a hectic and demanding environment with excellent career progression opportunities and a competitive remuneration package.

If you match the profile and you are looking for an exciting opportunity in the renewable energy markets, please get in touch via e-mail with a CV and cover letter.
